Brief Description of the Drawings

FIGURE 5 is a perspective view of a shaving aid having a sectional portion coated with a material of a color different than that of the shaving aid.

The embodiments of the present invention are designed to provide a disposable razor or a disposable razor system having a shaving aid mounted on the razor head. As used herein, the term "razor head" is meant to include disposable cartridges designed for separate attachment to a razor handle, as well as the operative portion of a razor wherein the cutting portion is integrally formed with the handle portion. According to the present invention, shaving aids are disclosed which provide a
